

Client Testimonials

"I have contracted Nationwide Conveyor Specialists expertise at Boston Logan's Int'l Airport and at Newark Liberty Int'l Airport. Working closely with them, they have proven to be skilled and professional in the industry doing what it takes to complete the turn key project on schedule.

I look forward to working with your company on future projects."

Patrick Dorismond
Regional Manager of Corporate Real Estate
US Airways, Inc.

"I just wanted to drop you a brief note of thanks for the excellent performance of the Nationwide crew that worked on the Long Beach teardown. Not only was the job completed faster than anticipated, but it was done by technicians that were professional in their manner and were exceptionally skilled. It was a pleasure working with them.

Thanks for the good work!"

John Domenico
CRE - Maintenance Coordinator
JetBlue Airways

"I would like to express my appreciation to Richard Bugryn of Nationwide Conveyor and his employees for a job well done on the warranty repairs that were performed on the Five claim unit at Charlotte-Douglas International Airport."

"It was a pleasure working with you and your crew on the removal and install of two slope plate units at Charlotte-Douglas Int'l Airport. It was an incredible accomplishment for a four man crew to complete the project in nine days."

Ricky West
Service Manager
FKI Logistex

"In the many years that I have been associated with your company, I cannot remember a time that an installation job that you have either supervised or installed that had a problem that you could not resolve. This is a rarity in our industry and you should be proud of your accomplishments. Should your organization ever need a recommendation, please do not hesitate to have your prospective client call me. I look forward to working with you on as many future projects as possible."

Robert A. Borchardt
Manager, Parcel & Baggage Handling
McCluer
Fort Worth, TX

"During my tenure, I have had an excellent working relationship with Mr. Bugryn and his company. They have done all levels of repair and maintenance for US Airways from routine repairs to new system installs. We continue to use Nationwide Conveyor Specialists for scheduled maintenance and emergency repairs and installations without hesitation when the need arises."

John Domenico
US Airways Technical Supervisor
Pittsburgh, PA

"Nationwide Conveyor has a high standard and keeps it high. As far as I am concerned, they are one of the better conveyor companies."

Stephen D. Brown
Office of Telecommunications
Bradley Int'l Airport
Windsor Locks, CT

"I want to thank you and your professional staff for the efforts, contributions, sacrifices, and of course results that have led to the success of having container-handling equipment installed on time at all committed sites. Thanks to your company's additional efforts, not only was the project a huge success for our company, but also hundreds of our client's employees ended up working in a safe environment when the new aircraft arrived. Thanks again and we look forward to working with your company in the future."

Darrell Owens, General Manager
Division Services, Memphis, TN

"We have utilized the services of Nationwide Conveyor Specialists to install, repair, and modify many of our baggage conveyor systems and equipment. We have found the crews for Nationwide Conveyor Specialists to be knowledgeable of all the equipment that they have worked on. I would like to express my appreciation to Richard Bugryn of Nationwide Conveyor for a job well done on our equipment. I would feel comfortable using Nationwide Conveyor on other projects at Charlotte-Douglas International Airport."

Michael Pridgen, Chief Maintenance Mechanic
Charlotte-Douglass Int'l Airport

"As jobs go, this was a smaller one, but required some excellent rigging skills to get the conveyors into position and properly supported above the ground without damaging any of the existing work or facilities. I'm happy to report that things went very well. Your crew met their schedule and the quality of their experience was evident in their work."

R. H. "Dick" Ullring, Site Project Manager
Siemens Energy & Automation

"We have utilized the services of Nationwide Conveyor to install, repair and modify many of our baggage conveyor equipment throughout the years. We have found their crews to be knowledgeable and professional on all aspects of our equipment in the Baggage Handling industry. FKI would like to extend our appreciation to Richard Bugryn of Nationwide Conveyor; FKI will continue to use their services in the future."

Gary Watts
Manager, Airport Customer Service
FKI Logistex

"The Airport Authority would like to commend your staff and management team on the recent conveyor installations at both our International and US Departure Terminal Baggage make-up rooms in Nassau, Bahamas. The Airport Authority would like to thank you for completing the system to the highest industry standards."

Peter Tynes, Maintenance Manager
Airport Authority
Nassau, Bahamas

"American Airlines has enjoyed a long history with Nationwide Conveyor Specialists on a variety of baggage system related projects. The scope of these projects encompassed refurbishment to existing systems/equipment, reconfiguration of systems/equipment and the installation of new equipment. In all cases the work performed by Nationwide Conveyor Services was conducted in a professional manner and within both budget and schedule. American will continue to use Nationwide Conveyor Specialists on future projects and I would highly recommend their company for this type of work."

Sincerely,

Steve Holloway
American Airlines, Sr. Principal Baggage Systems

"I want to thank you and your crew on our two past completed projects at the Atlanta Airport, Delta Airline-Concourse-E conveyor modifications and Air-Trans Concourse C.

Your men adapted well to the changes in equipment and modifications on site and still completed the project on schedule."

"Job Well Done"

Scott Duchene
Manager, Webb Airport Services
Atlanta Airport

"Please allow me to take the opportunity to provide this personal recommendation for Nationwide Conveyor Specialists. In my capacity as Manager of Facilities Equipment Services for Southwest Airlines I have worked closely with Nationwide over the past five years.

As a contractor for Southwest Airlines, Nationwide has been used numerous times when modifications or additions have needed to be made to our conveyor systems. The latest project we did was raising our existing "make up" carousels to a standard height. Nationwide did this for us in numerous cities and the process was always seamless. They are there for the pre-con meetings with the airports, go through the badging process, have material and man power on-site when expected, and most important finish when or before promised.

Nationwide Conveyor 's motivated, diligent and dependable staff stresses quality assurance and customer satisfaction. Their management and technical skills outshine their competitors in the industry.

I can say it has been a pleasure to work with the Nationwide staff and would recommend them without hesitation. They would be an asset to any company dealing with conveying equipment.

If you have any questions regarding Nationwide, please feel free to contact me."

Regards,

Scott Chinnock

Manager Facilities Equipment Services

Southwest Airlines
